PREMIUM PRODUCT CATEGORIES

PREMIUM BRANDS / INCLUDING 3M, KEMPER & MILLER

We stock a range of premium engineering and welding consumables from all the top brands including 3M, Binzel, Miller and Kemper. We stock over 2000 products available online ready for next day delivery.

VISIT OUR WEBSITE (WWW.ESCCO.CO.UK) TO SEE OUR FULL PRODUCT RANGE

OUR SERVICES

01

ON-SITE SERVICE & AFTER SALES / TECHNICAL SUPPORT

ESCCO provides on-site service and technical support on the range of capital equipment and consumables that we supply into the nuclear industry.

ON-SITE SERVICES - Our badged engineers support clients with services including:

- Welding inspection & repairs
- Calibrations to welding equipment (ie. Miller, Fronius, Lincoln, Kemppi, ESAB & other brands)
- Preventative maintenance plans for welding & fume extraction equipment
- LEV TExT testing (BOHS)
- PAT testing (this is currently carried out off-site)

AFTERSALES - Our Sales & Service engineers can advise for all specialist applications for fume extraction, welding equipment, cutting machinery and more.

REACH OUT to one of our Team to book in an on-site visit for:

- ON-SITE SERVICES: service@esc.co.uk
- EQUIPMENT/CONSUMABLE SALES: sales@esc.co.uk

02

TRADE ACCOUNT / CUSTOMER BENEFITS

Apply for a trade account online and receive approval confirmation in just two working days. Once approved you'll benefit from 30 days payment terms, special pricing and a faster checkout experience.

03

ON-SITE MACHINE DEMONSTRATIONS / HIRE EQUIPMENT

- We offer on-site demonstrations for a range of equipment including welding machines, LEV extractor, dust extraction and more.
- Hire equipment is also available for TIG, MMA, MIG & PLASMA applications. Other equipment available within our Hire fleet includes H13 Hepa LEV Fume Extraction Units (both mobile & portable).

PMUC

NUCLEAR

PMUC APPROVED WELDING & ENGINEERING CONSUMABLES

PMUC PRODUCTS

ESCCO specialise in a wide range of PMUC approved consumables for the nuclear industry. This ranges from abrasives and tapes through to pens, films, NDT aerosols and more. Certification is supplied with each delivery.

PMUC BONDED DISCS

PMUC FLAP DISCS

PMUC FLAP WHEELS

PMUC MARKER PENS

PMUC TAPES

PMUC FILM

PMUC NDT AEROSOLS

PMUC DEGREASERS

PMUC SILICONES

LEV / FUME EXTRACTION

ESCCO provide a comprehensive Local Exhaust Ventilation (LEV) testing service throughout the UK where our P601, P602 and P603 qualified engineers will ensure your systems function correctly and are HSE compliant. We offer a wide variety of product solutions that effectively reduce the exposure of your staff to hazardous substances such as welding fumes and dust. Our equipment portfolio includes small portable units, mobile units with arms plus larger units for using longer hoses mainly for site applications / shipbuilding industries.

Sitemaster HD Filter Fan Unit

185-429

- High volume mobile extractor
- H13/H14 Hepa filtration 99.95% (HPC approved)
- For use with longer hoses (circa 15-20mtrs+)
- Available as single or four point outlet
- Hose diameters vary from 100mm to 200mm
- Voltage options: 110v, 230v or 415v

Fumex Portable LEV 110v (Hepa 99.95%)

185-379

- Low volume, high pressure
- Portable
- H13 Hepa filtration 99.95% (HPC approved)
- Magnetic Nozzle & 3.75mtr Hose available separately to complete the package

LEV / FUME EXTRACTION

KEMPER®

KEMPER, the family business established in 1977, is a pioneer and technology leader in the field of welding fume extraction and bespoke premium packages.

From extraction arms to mobile extraction units – KEMPER has extraction equipment for all of your workshop needs.

Kemper Profimaster

HEPA H13 99.95% Mobile Fume Extraction Unit 4mtr (110v)

185-457

- Medium volume mobile extractor
- Arm options include 2m, 3m & 4m lengths
- H13 Hepa filtration 99.95%
- HPC approved
- Voltage options: 110v, 230v or 415v
- LEV TEXT Certification completed on-site

KEMPER 1090033
Pre-Filter
185-006

KEMPER Main Filter
H13 Hepa 99.95%
185-436

Kemper Highly Flexible
Spiral Hose 2.5 m
185-170

PPE

ESCCO offers a wide range of Welding PPE (Personal Protective Equipment) from brands such as 3M, Bizweld, and Tyvek. The range includes visors, flame-retardant boiler suits, head guards, welding curtains, and more.

ABRASIVES

ESCCO offers a wide range of abrasives for the fabrication and welding market plus PMUC products for the Nuclear industry. Main brands include 3M and SAIT Abrasives.

3M Cubitron II Sanding Discs

3M Cubitron III Grinding Discs

3M Cubitron II Sanding Belts

SAIT Flap Wheels

SAIT Cutting Discs

SAIT Flap Discs

FLAIG LIFTING MAGNETS

Engineered for universal application, Flaig lifting magnets boast a wide array of economic and technical advantages, making them vital across all metal industries.

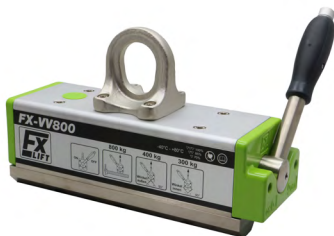

Flaig FX Permanent Lifting Magnets

Flaig FX-R Permanent Lifting Magnet for Round Material

Flaig FX-P Permanent Lifting Magnet for Thin Sheet

Flaig FX-VV Permanent Lifting Magnet for Hot Materials

Flaig FX-HV Horizontal-Vertical Lifting Magnet

Flaig FX-LT Magnetic Trusses

SIEGMUND WELDING TABLES

siegmund

ESCCO are proud to be the UK's No.1 distributor and stockist of this premium brand of welding tables, tooling, and accessories. Siegmund, the perfect solution for all your jig, clamping and welding requirements.
